NEW YORK, NY, December 15, 2021 - El Museo del Barrio is delighted to present the 45th Annual Three Kings Day (Hybrid) Celebration! This year, we will unfortunately not be hosting a physical parade through East Harlem for the health and safety of our community, but we will present a series of activities to celebrate this special day. Our theme this year is Somos el Cambio: Protecting the Environment for Future Generations, honoring the work of those who call on us to sustainably steward our environment, and help foster cultural transformation through community empowerment and artistic expression. The Museum's celebration will include a lively parranda in El Barrio (East Harlem) led by Los Pleneros de la 21, as well as virtual and in-person musical performances from Los Pleneros La Cresta direct from Puerto Rico, Kinto Zonó, storytelling by Teatro SEA, an appearance by Victor Cruz's animated character TITA, cameos by our famous giant puppets, and saludos from this year's honorees.

This year’s Three Kings poster was created by award winning Puerto Rican painter and artist Dianel DelValle. A former freelance illustrator in publishing, he later transitioned to becoming a NYC gardener, where he informed children about the joy
of gardening and the need to preserve our environment. This year’s Three Kings poster is inspired by this experience and illustrates children and educators planting.
